**With immediate effect.** I would like to inform you all of my agreement to extend my support with offering all members 15% discount off all sports supplements and 10% discount on all fitness accessories and fitness equipment in stock at any given date and time during business hours. However all members are required to present their TTRRC membership card (if any) and a form of personal identification when purchasing. The association has given me a name list of all recognized members at present.

Do hope you will appreciate our assistance and find our service to be of the best quality there is. If anyone have any questions, problems or suggestions please feel free to inform me by any form of given contacts.

Yours sincerely,

---
